LAST DAY OF FALL CLASSES
FRIDAY, DECEMBER 8TH

FALL CLASS FINAL SHOWCASE
THURSDAY, DECEMBER 21ST
AT 4:00 pm

Hello Parents!
We are so excited for the holidays to start! This should be a season of fun and festivities for all. We here at Youth Guidance have a lot of cool stuff planned for you and your family this winter!

YOUR GUIDE TO WINTER CLASSES!
Hey everyone, it’s that time again! As you think about winter classes, consider these new additions to our schedule:

Textiles
By popular demand! We will be including knitting in the winter session.

Pint-Sized Picassos
A class designed for artists who are early in their careers.

Collaging
Now we have something to do with all those leftover magazines!

Art Journaling
A creative form of therapy.

Jewelry Making
Think of all the great birthday/holiday gifts!

Junior Architects
A class today for the builders of tomorrow.

Game Time
We are taking board games to a whole new level!

Science Explorers
Not a new class but it’s making it’s a comeback this winter!

We try our best to be as eco-friendly as possible in our after-school adventures so if you have any of these materials lying around, we’d appreciate it if you send them our way!

Magazines
Shoe Boxes
Unused Wrapping Paper
Glass Jars (16oz, i.e. pasta sauce jars)
We’ve been practicing all fall for this and now the time has come - it’s the Fall Showcase!!!

Come one, come all to see your talented STEM students in a show that will both dazzle and defy all your wildest dreams!

Classes participating in the showcase include** (but not limited to) Poms, Musical Theater and Piano with exhibitions of work from Collaging, Pastels and Creation Station!

*audience members MUST cheer very loudly for every performance.

**Check out the Showcase evite for a full schedule of performances

Hey parents!
As we head into winter weather, we ask that you remind your students to keep track of their personal belongings, especially STEM apparel.

We have noticed there are a few red, green, blue and other hued items left behind each day. Many of them are not labeled with names and get thrown into lost and found.

We are sure they miss the warmth and comfort of your home so please double check with your little one before you head out each day. We don’t want to leave them behind in the cold school halls overnight!

We are excited and so proud to announce that our beloved Ms. U has been named one of Youth Guidance’s Staff Spotlight winners!

It’s no surprise—we all have witnessed Ms. U’s dedication to our program and the students that are a part of it here at STEM.

We are so happy to hear she is being acknowledged and are grateful to be in her care each afternoon!
