Spotlight Kid of the Month
This month’s exceptional student is
HAYDEN HORRIGHS
for
BEING GENEROUS AND SUPPORTIVE FRIEND TO EVERYONE

Youth Guidance at STEM Newsletter
March/April 2018

Hey Parents!
There’s only a few more months left in the school year...guess times flies when you’re having fun!

Spotlight Class of the Month
3D ART
A favorite of all the students here at STEM, 3D Art adds so much fun to our afternoons every Monday! Led by the incredible Ms. Chang, the classes explore the wonderful world of three-dimensional art via cardboard boxes, foam pieces and other materials. Right now, the classes are focusing on making “house cats” (cardboard houses in the shape of felines) and marble mazes. Be sure to check out the 3D Art table during the showcase later this Spring!

WELCOME TO OUR NEW FRIENDS!
We’d like to welcome our new (and/or returning) friends to Afterschool this Spring! We are so happy to see Jon-Phillip Tiller, Hayden Horrighs and Scarlett Horrighs everyday in afterschool :)

JOKE OF THE MONTH

Q: What goes up when the rain goes down?

A: An umbrella

Summer Camp at South Loop

Hey parents!

Can’t find anything fun for the kids to do this summer? How about sending them to South Loop for Summer Camp!

The theme this year is Board Games: Out of the Box! Each week of camp will have a theme and tons of activities centered around teamwork and strategy. Board games we’ll be playing include but are not limited to:

- Clue
- Monopoly
- Where’s Waldo
- & more!

The schedule of themes and other camp info can be found here.

If you have questions about registration or anything after-school related, please call us at 312.404.3219

After-School Candid Camera!

Ever the group of engineers, our afterschool friends built another impressive tower during Game Time!

(Pictured from left to right: Danielle Sanders, Michael Jordan Jr. Austin Hernandez, Demere Becton and Kenneth Whitehead)

Important Lesson of the Week:

Getting Enough Rest

(Anna He is making sure she gets enough rest)

As we move into the (hopefully) warmer months, we here at Youth Guidance want to urge everyone to take good care of themselves. One of the best forms of self-care is rest.

We know everyone has busy schedules to attend to but we hope that you can make some time to catch some z’s; whether it be your full 8 hours a night or a few naps during the weekend. According to the Division of Sleep Medicine at Harvard Medical School, getting enough sleep improves immune function, metabolism, memory and learning. Be sure to rest up!

APRIL
4/1 Ren Vega
4/7 Michael Jordan
4/11 Sophie He
4/16 Mateo Christians
4/21 Georgiana Grzetich
