

Program Registration and Information Packet

2021-2022

Dear Parent or Guardian:

Welcome to Youth Guidance! You have received this registration packet, because your child either wants to participate in a Youth Guidance (YG) program or because someone has made a referral for your child to participate in a YG program. YG provides a variety of programs and services – including Becoming a Man (BAM) and Working on Womanhood (WOW). More detailed information about the program your child is enrolling in can be found on the program information sheet at the following web address:

<https://www.youth-guidance.org/register>.

If your child is under the age of 18, you must enroll and provide your consent for your child to participate in the program. To do so, you must complete and sign the “Youth Guidance Program Registration and Consent for Services Form” in this packet.

This packet provides detailed information you need to know before enrolling and consenting for your child to participate in the YG program. We recognize that there is A LOT of information in this packet, but it’s important that parents and guardians, as well as the youth we serve, understand what it means to participate in a YG program, what your and your child’s rights and responsibilities are, how and why we collect different kinds of information about the youth we serve, and how we use that information. In addition, because we sometimes share information with other organizations, we want to make sure you understand what we do in those situations to protect the privacy and confidentiality of our participants. If you have any questions about the program your child is enrolling in or about the information in this packet, please contact the YG staff member working with your child or the YG main office at 312-253-4900 or clientsupport@youth-guidance.org.

Steps to Enroll Your Child in a Youth Guidance Program:

- 1) Read this information packet
- 2) Fill out the **Youth Guidance Program Registration and Consent for Services Form**.
 - a. Please note that in order to enroll your child, you must select “Yes” to #1 on the bottom of the form. However, you may select “No” to #2 and #3 and your child may still participate.
 - b. Please complete all fields on the form.
 - c. If your child is 12 years or older, we will also ask for their permission (“assent”) to participate in the Youth Guidance program.
- 3) Read the **Youth Guidance Program Registration and Consent for Services Form** and indicate your decision whether or not to allow your child’s academic data to be used as part of our internal evaluation.
- 4) Sign the bottom of the **Youth Guidance Program Registration and Consent for Services Form** and return it to the Youth Guidance staff member working with your child.

PARTICIPANT AND PARENT/GUARDIAN RIGHTS, EXPECTATIONS, AND RESPONSIBILITIES

Youth Guidance will not release any personally identifiable information about individuals, households, or businesses to law enforcement agencies such as ICE, INS, DHS, or similar unless required to do so by federal law. Participating in Youth Guidance programs will not affect anyone's application for change in legal status.

If you have any questions about the program your child is enrolling in or about the information listed in this packet, please contact the YG staff member working with your child or the YG main office by phone at [312-253-4900](tel:312-253-4900), or clientsupport@youth-guidance.org.

 - If the parent/guardian or adult participant submits a request for or authorizes YG to disclose information to a third party such as Medicaid (where appropriate) or insurance provider.
- YG may provide some information about the participant's program participation with the staff at the school. For more information see the section under Data Practices at YG below titled, ***"With whom outside of YG might we share limited personal information?"***
- Depending on the type of services being provided and the setting in which they are provided, the right of a YG participant to confidentiality shall be governed by the federal Health Insurance Portability and Accountability Act of 1996 (HIPAA), the Family Educational Rights and Privacy Act (FERPA), and/or any applicable state privacy and confidentiality laws. Please see the "Data Practices at Youth Guidance" section below for more information about how data is collected and used at YG.

- Our agency reserves the right to change its privacy policy based on the needs of the agency and changes in state and federal law.

RIGHT TO FILE COMPLAINTS AND GRIEVANCES

- Participants and parents/guardians of participants under 18 have the right to file a grievance or complaint if they feel that the participant has not received proper treatment, YG has failed to respond to the participant's rights requests, or YG has

PARTICIPANT EXPECTATIONS AND RESPONSIBILITIES

- YG participants are expected to demonstrate respect for themselves and others at all times.
 - The following actions or behaviors are prohibited: abusive or harmful language; physical aggression; bullying; taking someone else's property.
- Unless they are given specific permission from the YG staff member working with them, participants are NOT permitted to use electronic devices during YG programs, including cell phones, portable music players, headphones, handheld gaming devices, personal computers, and the like. Unauthorized items may be confiscated by program staff and returned at the appropriate time.
 - YG is not responsible for lost or stolen items.
- YG program participants being served in schools are expected to complete all school-related work and assignments if they are pulled from a class to participate in the YG program.
- YG program participants being served in schools are expected to follow the school's behavioral guidelines and the school district's Code of Conduct at all times. The school district Code of Conduct is available from the school's main office, the YG office, or by visiting the school district's website.
- Participants must not be in possession of any school district contraband items, such as cigarettes, vaping devices, drugs, weapons, etc.

PARENT/GUARDIAN EXPECTATIONS AND RESPONSIBILITIES

Parents/guardians are valued partners with YG in their child's success in school. YG expects parents/guardians to become involved with program activities as appropriate. Parents/guardians should expect open communication with the YG staff member who works with their child. This may include:

- Introductions to the program and YG staff members.
- Updates on their child's progress or concerns about program involvement, academics, behavior at school.
- Invitations to participate in program, school, or parent activities (e.g., parent orientation, parent-teacher conferences or report card pickup, workshops, etc.).
- Planning for periods when school is not in session.
- Encouragement and support for their child in the skills they are learning in the program.
- Advising YG staff of changes at home that may impact the child's progress or if related support is needed.

TELEBEHAVIORAL HEALTH SERVICES

- Although most services YG provides occur in schools or other community sites, some services may be offered remotely, especially in cases when schools are shut down (such as COVID-19). In those cases, participants may receive services through phone calls, text, apps, or video conferencing technologies. This is called ***telebehavioral health***.
- The laws and professional standards that apply to in-person behavioral services also apply to telehealth services. The technologies YG uses in telebehavioral health use network and software security to protect the confidentiality of participant information. These security measures are there to safeguard personal information. However, it is still the responsibility of the participant to maintain privacy on their end of communication. For example, participants may want to be sure they are in a private place if personal information is discussed.
- YG will only provide telebehavioral health services through technologies and apps allowed by the school district where the participant is enrolled, and we will follow all applicable government and school district acceptable use policies. Participants receiving these services will need access to the appropriate technology in order to participate. That may include a computer with a camera and microphone and a reliable internet connection, or a smart phone with a sufficient data plan to support a video conference.
- Participants may decline any telebehavioral health services at any time without jeopardizing their access to future services.

DATA PRACTICES AT YOUTH GUIDANCE

Youth Guidance uses data including personal information to continually track the progress and outcomes of our programs to ensure we are providing high-quality services to our participants. It is important that participants and parents/guardians know what information is being collected at YG, how it is being used, and how we protect the privacy and rights of our participants.

- **What Personal Information is Collected by YG?**

Enrollment and Participation Data: YG staff record data in a YG record-keeping system. This includes personal information (e.g., name, address, birthdate, student ID number) and a record of the services they provide to participants (for example attendance in our sessions, and notes about the sessions). This helps our staff understand the needs of our programs and the progress our participants are making.

Experience and Satisfaction with the YG Program: We may ask participants to complete surveys so we can better understand their experience and satisfaction with the program. The surveys are voluntary and may be administered at the end of the school year. The participant may still participate in the program if they choose not to complete a survey.

Social and Emotional Well-Being: Depending on what program the participant is in, we may ask them to complete surveys about their social-emotional skills, outlook on school and life, and relationships with peers and adults. Our counseling programs may also include questions about trauma, depression, anxiety, emotional regulation, self-esteem, and/or aggressive behaviors. Surveys about social and emotional well-being are voluntary and may be administered at the beginning and end of the school year. The participant may still participate in the program if they choose not to complete a survey.

Teacher/School Staff Feedback and Academic Information: The YG staff member might need to gather information about how a participant is doing in school by talking with school staff members such as teachers, counselors, and/or social workers. The staff member might also collect information – such as attendance records and grades - from the participant's school about how they are doing in school. This information will be used by the YG staff member to see if there are ways that we can help the participant do better in school and/or in the YG program. All information collected this way, both documents and conversations, will be kept confidential.

Academic Records: YG analyzes academic data (e.g., attendance, grades, school conduct) to help us understand if participating in YG programs helps youth do better in school. In order to collect this data from the school district, YG needs parent/guardian or adult participant permission. Separate consent is required for the collection of this data, which is found on the back of the **Youth Guidance Program Registration and Consent for Services Form**. The participant may still participate in the program whether or not you decide to give your permission for YG to collect your child's academic data.

- **How Does YG Collect Personal Information About Participants?**

In order to provide services, YG collects personal information from: parents and guardians or the adult participant during the registration process; participants themselves throughout the course of the program via personal interactions and surveys completed through the course of the program; and teachers, school staff, and district staff through discussion and data requests.

- **How Does YG Use the Personal Information it Collects?**

Meeting Client Needs: The information collected from participation records and surveys allow YG to better understand the individual needs of participants, as well as the progress they make in the program.

Continuous Improvement: YG looks at data trends to understand whether our programs are being run effectively and if youth are experiencing benefits from participating in them. The overall results (not individual data) are shared with program leaders to understand ways we can improve our programs.

Reports to Community Supporters and Funders: YG relies on a wide variety of funding sources to operate our program. We provide summary reports about our programs to our funders and agency partners. These reports include only summaries of results and never include anything that would identify an individual participant. Results from these reports may also be shared on YG's website or other social media.

- **Who at YG has Access to the Personal Information Collected about Program Participants?**

All YG staff members who have access to participant data are trained in client and data privacy practices and are required to adhere to them.

YG Program Staff: YG staff members, including counselors and youth workers who meet with participants on a regular basis – as well as their supervisors, coaches, and/or managers – will be able to see the service records, survey responses, and academic data provided by the school. Other YG staff may also access this information on a strictly as-needed basis.

YG's Evaluation and Quality Improvement Staff: Members of YG's Department of Evaluation and Quality Improvement have access to all of the data collected, as they are responsible for managing, analyzing, and reporting on all of the data collected by YG staff.

- **With whom outside of YG might we share limited personal information?**

School Staff and Social Service Partners: When appropriate, YG staff may tell staff at the school (or site where the program is held) and/or other social service partners involved in our programs that a youth is participating in a YG program. To best serve the participant, we may also talk with these individuals about what and how the participant is doing in the program. Private details about participants and their experiences in the program will not be shared.

School Districts: YG provides school-based services and it is sometimes necessary to share program enrollment, demographic information, and attendance records with the school district. In these cases, YG ensures that data is being entered into a school district-approved system that is only accessible by individuals who have school district approval to see that data. It is important to note that when we share data with the school district, the data then becomes a part of the student's academic record and therefore the privacy of that data is maintained by the district under its policies and practices.

Community Partners: YG works with a variety of funders and organizations to operate and evaluate its programs. Sometimes, these partnerships require that we share participant data and/or that we enter participant information into partners' documentation systems. For example, some of our contracts require us to document participant information including program enrollment, demographic information and attendance records, into systems that are accessible by approved staff members of those community partners. Whenever data is shared with outside partners, it is done so in a way that protects our participants' privacy. We will only share data with partners who sign a data sharing agreement with YG which includes the requirement that partners keep the information confidential and abide by relevant state and federal policies around data and privacy practices.

External Researchers Studying YG's Programs: On occasion, YG works with research partners to evaluate the success of our programs and publish research papers and reports that improve knowledge to the general public about programs like ours. Any research that takes place with YG participants will first be approved by the YG executive team and a government-approved Institutional Review Board (IRB).

Sometimes participation in research means we would share data collected by YG staff with external research partners. However, we would only do so with partners who have signed a data sharing agreement as described above. Sometimes, research conducted on YG programs requires a separate consent from the parent/guardian and the participant, depending on their age. If a participant's program will be a part of a research study that requires a separate consent, the parent/guardian, adult participant, and/or youth participant will be asked to voluntarily provide a separate consent for their participation in the research. If the parent/guardian or the participant declines research participation, it will not impact their eligibility to participate in the program.

Third party payers for medical services: Some YG services may be paid for by third party payers, such as Medicaid or insurance providers. In those cases, with the permission of the parent/guardian or adult participant, client records that are used to bill for these services will be shared with those payers. If the participant is eligible, you will receive additional information and consent forms.

- **What are the Parent/Guardian's and Participant's Rights Regarding the Personal Information YG Collects?**

Right to Know: Parents/Guardians or adult participants have the right to be notified each year of their rights under FERPA, HIPAA, and applicable state laws.

Right to View: Parents/Guardians or adult participants have the right to look at any of the information YG shared with the participant's school and to talk with the YG staff member working with the participant about what information they are sharing with the school.

Right to Correct: Parents/Guardians or adult participants may request a correction to incorrect, inaccurate, or misleading personal information YG has about the participant. Also, they may request that the participant's personal information be deleted or removed from YG's records. To do so, parents/guardians or adult participants may contact us at 312-253-4900 or clientsupport@youth-guidance.org. Please know that YG may have legal, regulatory, or compliance obligations or reasons to keep the information as is and not make the requested changes or deletions.

Right to Decline or Remove Consent: By providing consent for services, a parent/guardian or adult participant is also consenting to YG's data practices as described in this document. However, a parent/guardian or adult participant has a right to take away consent at any time by completing YG's Removal of Consent Form, which can be provided by any YG staff member or via email request to clientsupport@youth-guidance.org. However, by declining or removing consent, YG will not be able to provide the participant with further services.

Right to Complain: Parents/Guardians or adult participants have the right to file a complaint about YG's alleged failure to respond to their rights or comply with federal or state privacy laws. For information about this process, please review the **Service Appeal and Client Grievance Procedure** in this packet.

- **How Long Does YG Keep the Personal Information?**

YG keeps the personal information for as long as is necessary for the purpose(s) for which we collected it, or for our other legitimate business purposes, including to meet our legal, regulatory, or other compliance obligations.

- **How May I Contact YG about its Data Practices?**

If you have any questions about YG's data practices, including how we use, manage, and protect data, please contact us at 312-253-4900 or clientsupport@youth-guidance.org.

HOLISTIC STUDENT ASSESSMENT (HSA)

Youth Guidance is excited to partner with the Partnerships in Education and Resilience (PEAR) to promote the positive social-emotional development for BAM participants. There is increasing evidence that helping students feel good about themselves, their school, and their relationships improves their overall wellbeing.

Youth Guidance, in collaboration with PEAR, will administer the Holistic Student Assessment (HSA) to BAM participants in grades 6-12. As part of this effort, your child will be asked to complete a brief survey about themselves at the beginning and end of the school year. This information will help tailor support for your child's unique strengths and needs. There are no foreseeable risks involved with taking the HSA. We are requesting your permission for your child to take the HSA as part of the BAM program. Even if you don't give permission for your child to take the HSA, your child may still participate in the BAM program.

PEAR will be assisting the BAM program with the collection and analysis of HSA data to support these programs' work. All HSA data securely managed by PEAR will be destroyed when no longer needed by the programs to guide services provided to your child.

PEAR will use data from the BAM programs for research and educational work. Your child's name or other identifying information will *never* be used as part of this research. Nothing else will be asked of you or your child as a participant in this research. All information will be kept confidential until it is destroyed by PEAR.

Please understand that participation is completely voluntary. You may withdraw your permission at any time and your child may still participate in the BAM program. If you wish to see further description of the HSA, please review this **HSA Definitions and Sample Items** information sheet.

If you have any questions about this effort or would like to see a copy of this survey, you may contact Youth Guidance at (312) 253-4900 or clientsupport@youth-guidance.org.

Service Appeal & Client Grievance Procedure

The information contained in this packet is specific to the **Youth Guidance Service Appeal and Client Grievance Procedures** for the States of Illinois, Massachusetts, Missouri, and California.

WHAT
{ CAN WE }
DO BETTER
FOR YOU?

Youth Guidance is committed to providing high-quality services to children, youth and families in schools and the community. The goal of these services is to support both academic achievement and social and life skill development. Youth Guidance trains and supports staff so that they understand the client's needs and the role of staff in providing services. However, on occasion situations do occur when there are differences of opinion regarding services provided.

When these situations arise, you have the right to voice your concerns and to use Youth Guidance's Service Appeal and/or Client Grievance Procedure to have those concerns addressed in a fair, reasonable and timely manner. Initiating a Service Appeal or registering a formal grievance will not affect your ability to receive services.

Service Appeal Process

Concerns should be discussed with the Youth Guidance staff member. When a client feels that their concerns have not been addressed by the YG staff member or that they are uncomfortable discussing the matter with the YG staff member, the participant should contact the YG staff member's supervisor/manager or a YG Program Director. Participants are welcome to call Youth Guidance or to put their service concerns in writing then mail/email them to a Youth Guidance Program Director.

Youth Guidance expects that a representative from Youth Guidance will meet with the participant within ten (10) working days to address all concerns. A record of the meeting and the outcome will be recorded, and a copy will be supplied to the participant. The written record of a grievance starts with this step.

Client Grievance Procedure

What is a grievance? A grievance is any disagreement you may have with Youth Guidance about the type or quality of service you have received from Youth Guidance that cannot be successfully resolved through the appeal process described above.

To register a grievance about any aspect of Youth Guidance's services, participants should write down the grievances and send them to the Youth Guidance Program Director responsible for the applicable Youth Guidance program (to the extent applicable) with a copy to the Chief Program Officer.

Youth Guidance expects that a Youth Guidance Director will meet with you within ten (10) working days of receipt by Youth Guidance of your written grievance.

If the meeting does not resolve the situation, you will be requested to send a written grievance to the Chief Executive Officer ("CEO") of Youth Guidance. We will provide assistance in completing this step if you would like.

If a written grievance to the Youth Guidance CEO has not been received within thirty (30) days of your meeting with a Youth Guidance Director, a letter of closure will be sent to you by Youth Guidance.

If a written grievance from you is received by the Youth Guidance CEO within thirty (30) days of your meeting with a Youth Guidance Director, Youth Guidance will send you a letter acknowledging receipt of the grievance and confirming a review of the situation will be undertaken by the Youth Guidance CEO.

The Youth Guidance CEO's assessment and final determination will be presented to you in writing within thirty (30) days of the date of the Youth Guidance grievance acknowledgement letter.

The Youth Guidance CEO's decision on the grievance is final ("Decision Notice").

A record of, and the response to, submitted grievances will be kept by Youth Guidance in accordance with applicable law.
