SCHOLAR STORY

I can confidently say that the “Becoming a Man” program has been a life-changing experience for me. When I first joined BAM, I had no idea just how much it would impact my life, my perspective, and my future.

One of the most remarkable aspects of the “Becoming a Man” program is the safe and supportive environment it creates. It’s a space where I’ve been able to open up, share my thoughts, and discuss my challenges without fear of judgment from my peers. This sense of belonging has been invaluable to me.

Through the BAM circles, I’ve learned crucial life skills that extend far beyond the classroom. I’ve gained a deeper understanding of emotional intelligence, conflict resolution, and effective communication. These skills have not only improved my relationships with others but have also boosted my own self-confidence.
